Landowner Encroachment Application

1. Name of Landowner: _____
2. Contact Information for Landowner: Phone number - _____
Email - _____
Mailing Address _____
3. Parcel Number and Address of Property: _____
4. Purpose of Encroachment: (e.g. fence, foot bridge, culvert, utility crossing, etc.)

5. Please attach an aerial map (visit LaPlata County's GIS website) with the location of proposed encroachment marked. Also feel free to include any sketches which help depict the project.
6. Encroachment Application Fee Structure:
\$750 Minor Encroachment : Example - landscaping or irrigation system within ACDC easement
\$2000 Major Encroachment: Bridges, culverts, utility crossing, fences, gates, retaining wall, any structure, water feature, road, path, steps, pump house, etc.

The applicant agrees the enclosed encroachment application fee in the amount of \$_____ submitted with this application shall be applied to reasonable administrative, legal and engineering fees incurred by the Ditch Company as a result of this proposed project, and if approved will help defray additional maintenance costs as a result of the encroachment.

By signing and submitting this application, I acknowledge that this is only an application to allow for the Ditch Company to consider my request and does not constitute approval of the requested encroachment of the Ditch Company's easement. A written agreement with the Ditch Company is required before any work may begin within the easement. Additional deposits may be requested by the Ditch Company. If the encroachment is not approved, or the Applicant chooses not to pursue the encroachment, a portion of the fee may be refunded subject to partial retention for administrative, ditch walker, attorney and/or engineering fees.
